High School Enrolments 2023

Dear Parents,

It is hard to believe that it is already that time of the year when you need to start thinking about what high school your child will attend in 2023.

It does take time, however, for the enrolments to be finalised and so the NSW Government requests that this process starts in Term 1, 2022.

Accompanying this letter is the *Moving into Year 7 in a NSW Government school in 2023* information guide and EOI, which will provide you with some information regarding the enrolment process for high school.

Our local Government high school is Cambridge Park High School. If this is where you would like your child to attend in 2023, then completing the form is easy, just complete Sections A & B.

If you no longer live within our school catchment, then your child may have a different local high school. Your child's local school will be attached to your EOI by a sticker, please do not remove or cross out this school - if you believe this is not your local school, please contact the office.

If, however, you would like your child to enrol in a non-local Government high school, it is important to read the information in the package carefully and to fill in all the required information, as a minimum Sections A and C.

If your child is going to a private or Catholic high school, we still require you to return the form, completing Sections A and E, so we can report to the State Government's attendance officers.

To assist us in meeting our deadlines, please return the completed forms to the office by no later than Friday 18th March.

If you have any questions, please see Mr Bale.

Thank you,

Mrs Avery
Principal
