## Excursion Stage One Science – Ranger Jamie - Western Sydney Parklands, Lizard Log

Dear parents and carers,

29<sup>th</sup> March 2021

In term two Stage 1 will have an opportunity to participate in an excursion investigating the forces of 'Push and Pull' as part of our scheduled science unit. This excursion has the approval of the principal.

Students are to wear their full school uniform, including hat and bring their lunch, recess and a drink with them.

**Where:** Western Sydney Parklands, Lizard Log

**When:** Friday 14<sup>th</sup> May departing from school at **9am** and arriving back by **3.00pm**

**Travel:** Bus

**Cost:** \$28.00

**Due:** Friday 7<sup>th</sup> May

Thank you for your support, we look forward to a very exciting and productive day.

The Stage One Teachers

*Filled with hands-on experiments to give your children first-hand examples of push and pull forces in action, everything about this excursion is interactive and allows students to explore how objects move and react to force. They will get their hands dirty making slime, investigate how different strengths of forces affect everyday objects by making and launching pressure rockets 60m into the air, and test their knowledge of energy through the Ranger Jamie Olympic Games. Students will be able to witness and discuss the simple ways they use push and pull forces in everyday life, allowing them to further develop their understanding of forces and energy and how they can be used for specific purposes in products.*
